Highway Speed Wheeled Excavators

These are the only excavators designed with the freeway in mind. Drive them at highway speeds. Drive them from job to job. And drive them back to the safety of the equipment yard at night. Combined with the designed-in versatility advantages, the Gradall highway speed wheeled undercarriage is famous throughout the world.

Model	Net Weight Lbs (kg)	Price
XL3100 4x2 III	39,486 (17,911)	\$253,400
XL3100 4x4 III	41,176 (18,677)	\$279,550
XL4100 6x4 III	47,500 (21,545)	\$303,400
XL4100 6x6 III	49,420 (22,416)	\$322,650
XL5100 6x4 III	54,948 (24,924)	\$343,500
XL5100 6x6 III	56,868 (25,795)	\$362,100

Rough Terrain Wheeled Excavators

Put Gradall's unmatched level of both productivity and versatility to work with highly mobile wheeled models that maneuver reliably and efficiently both on and off paved surfaces. Thoughtfully engineered carriers are designed for stable, productive work in any direction -- at the front, rear or either side.

Model	Net Weight Lbs (kg)	Price
XL3300 III	39,294 (17,823)	\$226,400
XL4300 III	43,580 (19,768)	\$250,700
XL5300 III	51,216 (23,231)	\$294,580

Crawler Excavators

At home on the roughest terrain, Gradall excavators with crawler undercarriages provide a stable platform for our versatile boom. Benefit from the extra measure of Gradall versatility while working head-to-head with conventional excavators on rocks, deep mud and many slopes and uneven surfaces.

Model	Net Weight Lbs (kg)	Price
XL3200 II	39,616 (17,970)	\$190,550
XL4200 III	47,241 (21,488)	\$231,200
XL5200 III	54,877 (24,892)	\$282,600

Special Industrial Crawler Machines

Rugged Gradall industrial maintenance machines bring needed versatility into demanding metal mill environments. From ground level to boom end, these track-mounted machines are built and tested for tough and efficient work in furnaces, yards and rail cars with extra telescoping boom range and 360° attachment rotation.

Model	Net Weight Lbs (kg)	Price
XL3210 III	39,616 (17,970)	Contact Factory
XL4210 III	47,241 (21,488)	Contact Factory
XL5210 III	54,877 (24,892)	Contact Factory

Special Industrial Wheeled Machines

Powerful boom movements and extra reach make the difference in demanding underground mine scaling and metal mill maintenance work. These Gradall models, on all terrain wheeled undercarriages, have the extra reach, extra boom movements and the extra prying power for productive headwall scaling in mines or for furnace re-lining and other tough metal mill maintenance jobs.

Model	Net Weight Lbs (kg)	Price
XL3310 III	39,294 (17,823)	Contact Factory
XL4310 III	43,580 (19,768)	Contact Factory
XL5110	62,000 (28,123)	Contact Factory
